
Focused Canadian Selection

Premium grinding tools since 1919
www.tyrolit.com

TYROLIT is one of the world's leading manufacturers of grinding, cutting, drilling and dressing tools for industry.

The family-owned company, which was founded in 1919 and is a member of the Swarovski Group, is based in Schwaz, Austria, and currently has over 4,300 employees at 26 production locations in 11 countries and on 5 continents. TYROLIT's Metal and Precision, Industrial Trade, Construction and Stone – Ceramics – Glass divisions manufacture 80,000 different products. They are offered to customers all over the world by 35 sales companies and additional distributors in 65 countries. TYROLIT products grind, cut and drill almost any material of any hardness using advanced technology from Tyrol. The experts at TYROLIT are known throughout the world for mastering a wide variety of challenges and are hightly sought-after partners in the development of new and innovative solutions.

A family-run company since 1919

As a member of the dynamic Swarovski Group, TYROLIT enjoys the independence it needs to successfully achieve long-term corporate goals. At TYROLIT, we strive to impress internal and external target groups, and to cultivate fair, lasting cooperation with them based on partnership. To this end, we continually optimise the quality of our products and services, and constantly adapt our business processes to the changing demands of the market. Investment in research and development, in training our employees and in technological improvements is an integral component of TYROLIT's company management. The introduction of global supply chain management ensures punctual delivery to customers around the globe. Since 1919, the sustainable handling of resources, the assurance of a safe working environment and compliance with legal requirements have contributed to the company's positive development.

TYROLIT Canada is a proud member of the global TYROLIT family and we are looking forward with great anticipation to see what the future brings. We are dedicated professionals, excited about our products and services and stand ready to serve the professionals who use our abrasives, and the distributors who represent us. We are here to help you work more efficiently, more safely and more productively.

Focused Canadian Selection

With over 80,000 products manufactured at TYROLIT, we are pleased to present you with this focused Canadian catalogue to simplify the selection process. While we are not limited to this selection, it certainly includes many of the most common items that we sell in Canada. If you require application assistance or do not see your product in this catalogue, please reach out to us anytime. We are here to help.
